all it takes!

Product data sheet

rollyMinitrac Dumper

Article number: 19540507 - PU 1

Hop in, sound the horn, and off you go
Whether in the playroom, on the patio or across the garden: this dumper loads up, tips out and, thanks to agile steering, turns almost on the spot. The quiet tyres keep the noise down, and the design is safe and comfortable. For little construction sites with big ambitions.
